

A treemap visualization showing the distribution of four categories. The largest category, 'Perceptions', accounts for 44% and is represented by a dark purple rectangle. 'Priority' accounts for 25% and is a medium purple rectangle. 'Policy' accounts for 21% and is a reddish-pink rectangle. 'Behavior' is the smallest category at 3%, shown as a small yellow rectangle. The rectangles are arranged in a grid-like fashion, with 'Perceptions' and 'Priority' on the left, and 'Policy' and 'Behavior' on the right.
